Main Contributions 2019

Fundación Paz Ciudadana, It is a study center that seeks to contribute with knowledge to the design and evaluation of public policies for citizen security. Considering that our stores and shops are located in the middle of the city, it is essential to improve the security, justice and coexistence of citizens, with a focus on prevention. In 2019, we contributed US 32530,15 to this organization.

Centro de Estudios Públicos, It is a private non-profit academic foundation, considered one of the 30 most influential think tanks in the world. From our concern for the development of public policies that allow the country to advance on the path of development, as Cencosud we contributed US 32955,60 in 2019. These resources are destined to research projects, the results of which are publicly released to all who want to have access to them.

Comunidad Mujer, It is the main benchmark in Chile in promoting gender issues and women's rights, who, in a transversal and independent way, contributes to the debate, discussion and generation of public policies for greater equality and equity between men and women. From Cencosud we join the effort to advance in greater equality of opportunities, understanding that it requires the commitment of all social actors. During 2019, we contributed US 17705,37 to Comunidad Mujer.

SOFOFA, It is a non-profit union federation, which brings together companies and unions linked to the Chilean industrial sector. SOFOFA promotes sustainable development, promoting and proposing policies that promote investment, entrepreneurship, permanent training, employment and insertion in private activity together with stimulating its initiatives, the free market and openness to foreign trade. Our contribution to SOFOFA in 2019 was US 44635,59.

Cámara Chileno Argentina de Comercio A.G, Through the organization of various activities, the Chamber promotes commercial ties between both nations, fulfilling a fundamental role in guiding and guiding Argentine and Chilean companies in conducting bilateral business. In 2019, we contributed US 6572,58 to this organization.

Acción Empresas RSE, Organization that brings together more than 130 companies determined to manage their businesses in a sustainable way under a logic of competitiveness and sustainability. In Chile, they represent the World Business Council for Sustainable Development, and through various instances seek to position corporate sustainability as a necessary business vision for the construction of a more inclusive and egalitarian society. They generate various instances of participation -the ones with different levels of depth- allow partner companies to improve the socio-environmental performance of their businesses. Our contribution to Acción Empresas in 2019 was US 6507,49.

Cámara Chileno-Alemana (CAMCHAL), is a trade union association that promotes commercial relations between both countries, promoting the participation of Chilean companies in events held in that country and acting as legal representative of the largest German fair companies. During 2019, we contributed US $1,876,19 to this association.

Cámara de Comercio de Santiago A.G. (CCS), is a non-profit Gremial Association, founded in 1919, which brings together more than 2,000 associated companies: large, small and medium, representative of the most relevant economic sectors in the country. Our contribution to the CCS this year 2019 was US $3,514,05.

Cámara Nacional de Comercio, Aware that human capital is the greatest strength of large organizations, the National Chamber of Commerce, Services and Tourism, in its 160 years at the service of union development, has professionals of excellence who stand out for their ethical values, responsibility and commitment, before a common objective which is to lead the development of our associates through union management. Our contribution to the National Chamber of Commerce in 2019 was US $4,685,40.

Icare, Private non-profit corporation and independent of union and political interests, founded in 1953 by businessmen and professionals linked to various sectors of national economic activity with the purpose of promoting business excellence in the country. In 2019 we contributed US $1,917,91 to this corporation.

Sedex, It is one of the world’s leading providers of ethical trade services and works to improve working conditions in global supply chains. Sedex provides practical tools, services and a community network to help companies improve their responsible and sustainable business practices and obtain responsible sourcing. Using Sedex enables companies to work together to better manage their social and environmental performance, and protect people working in the supply chain. Sedex has more than 55,000 members in 180 countries, in 35 industrial sectors, including food, agriculture, financial services, clothing and clothing, packaging and chemicals. This is why as Cencosud we contributed US $11,926,60 in 2019.

Pacto Global, It is an initiative of the United Nations (UN) in which more than 10,000 companies around the world participate, thus becoming the first international organization to examine critical issues related to Sustainability. Those who adhere to the Global Compact assume a serious commitment to integrate the concept of sustainability into their corporate strategy, through the implementation of 10 Principles, which are focused on four areas: human rights, labor relations, the environment and anti-corruption. The guidelines are issued by the Global Compact Office in New York, which in turn works closely with other United Nations agencies. In this sense, each country prioritizes its areas of work, based on the global agenda, now established in the 2030 Agenda along with the 17 Sustainable Development Goals. For which Global Compact has a United Nations mandate regarding the promotion of these guidelines in companies. As Cencosud we contributed US $2,280,14 in 2019.
