

## Fresh Free-Range Eggs Commitment Cencosud Supermarkets Chile

At Cencosud, we work daily with passion, respect, transparency, and trust to improve our clients' quality of life through a unique, sustainable, and inimitable experience through our products and services.

As a Company, we know that **Animal Welfare** is important to our customers and communities and, in line with Cencosud's Animal Welfare Declaration, Supermarkets Chile, through the brands Jumbo, Santa Isabel and SPID 35, accept the challenge of the following commitments:

### For 2023-2024

1. We will increase the size of the exhibition spaces for Fresh Cage-Free Eggs.
2. We will encourage the inclusion of Free Cage-Free Eggs only.
3. We will focus our advertising and exhibition efforts on Cage-Free Eggs.

### For 2025

1. 100% of our fresh house brand eggs, available at Jumbo, Santa Isabel, and SPID 35, will be Cage-Free.
2. At least 50% of our exhibition space will be dedicated to Fresh Cage-Free Eggs.

### For 2028

1. 100% of Fresh Eggs offered at Jumbo and Spid 35 will come from Cage-Free laying hens.
2. 50% of Fresh Eggs offered at Santa Isabel will come from Cage-Free laying hens.

We will work on these commitments through a Work Plan along with our suppliers, which will allow us to responsibly face the challenge of offering more sustainable products to our customers.
